

ITEM	CONTENT OF KIT	DESCRIPTION OF KITS	POSSIBLE TRIGGERS	POSSIBLE DRIVERS
Pluto 2 ECU				
Kit 1 - Pluto 2 Universal All Round - Basic	Pluto 2 ECU, E21 Harness, E22 Harness, 2.5 Bar Map Sensor, 2x Relays	This Kit is suitable for all the possible variations of wiring of the Pluto 2 ECU.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/6T+TDC/24T+TDC/Subaru 6+7T/Jeep 18-6/ Distributor /Single Pulses/24+TDC/Nissan/Honda/ /Mazda/Ford etc.	6 Drivers for Injectors and coils Split Sequential injection and wasted spark coil firing 2 GP Outputs Relay Out and RPM out
Kit 1 - Pluto 2 Universal All Round - Standard				
Kit 1 - Pluto 2 Universal All Round - Intermediate				
Kit 1 - Pluto 2 Universal All Round - Advance				
Kit 1 - Pluto 2 Universal All Round - Ultimate				
Kit 2 - Pluto 2 Econo - Basic	Pluto 2 ECU, E27 Harness, E24 Harness, 2.5 Bar Map Sensor	This Kit simplifies wiring for engines up to 6 Cylinder. It has 2 common fuses and no TDC wiring.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/ Distributor /Single Pulses/Nissan/Some Single pickup distributors etc.	6 Drivers for Injectors and coils Split Sequential injection and wasted spark coil firing 2 GP Outputs Relay Out and RPM out
Kit 2 - Pluto 2 Econo - Standard				
Kit 2 - Pluto 2 Econo - Intermediate				
Kit 2 - Pluto 2 Econo - Advance				
Kit 2 - Pluto 2 Econo - Ultimate				
Kit 3 - Pluto 2 Single Trigger - Basic	Pluto 2 ECU, E21 Harness, E24 Harness, 2.5 Bar Map Sensor, 2x Relays	This kit is the same as the All Round kit but does not have a TDC pickup wire in the harness. It simplifies wiring where there is no TDC pickup.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/ Distributor /Single Pulses/Nissan/Some Single pickup distributors etc.	6 Drivers for Injectors and coils Split Sequential injection and wasted spark coil firing 2 GP Outputs Relay Out and RPM out
Kit 3 - Pluto 2 Single Trigger - Standard				
Kit 3 - Pluto 2 Single Trigger - Intermediate				
Kit 3 - Pluto 2 Single Trigger - Advance				
Kit 3 - Pluto 2 Single Trigger - Ultimate				
Kit 4 - Pluto 2 Econo (Golf) - Basic	Pluto 2 ECU, E23 Harness, E24 Harness, 2.5 Bar Map Sensor	This Kit simplifies wiring for small engines up to 4 Cylinder. It has 2 injectors and 1 coil. It has 1 common fuse and no TDC wiring.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/ Distributor /Single Pulses/Nissan/Some Single pickup distributors etc.	2 Drivers for Injectors and 1 driver for coils Split Sequential injection and distributor coil firing 2 GP Outputs Relay Out and RPM out
Kit 4 - Pluto 2 Econo (Golf) - Standard				
Kit 4 - Pluto 2 Econo (Golf) - Intermediate				
Kit 4 - Pluto 2 Econo (Golf) - Advance				
Kit 4 - Pluto 2 Econo (Golf) - Ultimate				
MERCURY ECU				
Kit 5 - Mercury Non VVTI - Standard	Mercury ECU, M01 Harness, M02 Harness, M03 Harness, M04 Harness, 2.5 Bar Map Sensor	This Kit is suitable for all the possible variations of wiring of the Mercury ECU Except the 2 VVTI Cam sensors.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/6T+TDC/24T+TDC/Subaru 6+7T/Jeep 18-6/ Distributor /Single Pulses/24+TDC/Nissan/Honda/ /Mazda/Ford etc.	6 Drivers for Injectors 6 Drivers for coils Full Sequential injection up to 6 Cylinder and wasted spark coil firing 2 GP Outputs, 2xRelay Out and RPM out
Kit 5 - Mercury Non VVTI - Intermediate				
Kit 5 - Mercury Non VVTI - Advance				
Kit 6 - Mercury Universal All Round - Standard	Mercury ECU, M05 Harness, M02 Harness, M03 Harness, M04 Harness, 2.5 Bar Map Sensor	This Kit is suitable for all the possible variations of wiring of the Mercury ECU.	Crank 60-2/60-1/36-2/36-1/36-6/30-2/18-1/12-1/12+1/6T+TDC/24T+TDC/Subaru 6+7T/Jeep 18-6/ Distributor /Single Pulses/24+TDC/Nissan/Honda/ /Mazda/Ford etc.	6 Drivers for Injectors 6 Drivers for coils Full Sequential injection up to 6 Cylinder and wasted spark coil firing 2 GP Outputs, 2xRelay Out and RPM out
Kit 6 - Mercury Universal All Round - Intermediate				
Kit 6 - Mercury Universal All Round - Advance				
NEPTUNE TCU				
Kit 7 - Neptune TCU - Standard	Neptune TCU, N01-P1 Harness, N03-P2, 2x Push Buttons	This Kit is suitable for all the possible variations of wiring of the Neptune TCU when it is used with a ECU.	RPM can be any number of pulses up to 90 per revolution. Speed can be any number of pulses up to 60 per Proshaft revolution. TPS 0 to 5 Volt. Tiptronic buttons. Shifter sensing & Map switch	6 Drivers for solenoids 2 LED outputs for dash indication of lockup etc.
Kit 7 - Neptune TCU - Intermediate				
MERCURY TCU				
Kit 8 - Mercury TCU - Intermediate	Mercury TCU, T01-P1 Harness, M02-P2 Harness, T03-P3 Harness, T04-P4	This Kit is suitable for all the possible variations of wiring of the Mercury TCU when it is used with a ECU.	RPM can be any number of pulses up to 90 per revolution. Speed can be any number of pulses up to 60 per Proshaft revolution. TPS 0 to 5 Volt. Tiptronic	6 positive and 6 negative Drivers for solenoids. 2 GP outputs. Relay & Speedo Output. 2 LED outputs for dash indication
Pluto 2 CAM CONTROL				
Kit 9 - Pluto 2 Cam Controller	Pluto 2 Cam Controller, E28 Harness, E21 Harness	This Kit is combined to use the Pluto 2 as add on product for Cam & NOS control and also GP outputs. All the wiring is included.	RPM can be any number of pulses up to 90 per revolution. TPS 0 to 5 Volt.	6 Drivers Duty controlled. 2 GP outputs. Relay and RPM output.
